Portfolio: madebykhua.com · github.com/Rhema-dev · linkedin.com/in/emmanuel-great-rhema-970384319

PROFESSIONAL SUMMARY

Mobile developer specializing in cross-platform apps with React Native and TypeScript, focused on fast, accessible mobile experiences. BSc in Software Engineering, with hands-on delivery of healthcare apps in freelance and volunteer settings. Owns features end to end (UI, state, REST APIs, push notifications, offline support) and is building toward Application Security (AppSec) through OWASP and secure development practices.

TECHNICAL SKILLS

Mobile: React Native, TypeScript, JavaScript, Expo, Push Notifications, Offline Caching, REST API Integration

Frontend & Web: React.js, Next.js, Redux, Vue.js, Nuxt.js, Responsive Design, Progressive Web Apps

Backend & Tools: Node.js, Express.js, MongoDB, Supabase, Git & GitHub

Security (in progress): OWASP Top 10, Secure Coding, AppSec fundamentals, Networking (LAN/WAN, VPN)

Design & Media: After Effects, DaVinci Resolve, Adobe Illustrator, Adobe Photoshop, Motion Graphics

PROFESSIONAL EXPERIENCE

MaxiHealth Homecare Specialist LLC (Freelance, Remote / US)

Dec 2024 - Feb 2025

Mobile Developer

- Built and maintained Maxi Healthcare, a cross-platform React Native + TypeScript app for home care clients, integrating REST APIs, push notifications, and offline caching for reliable use under intermittent connectivity.

Trakiva (Volunteer, Remote)

Jun 2025 - Aug 2025

Volunteer Mobile Developer

- Contributed to Medscan, a React Native mobile app, building and refining UI screens and app logic in a collaborative, Git-based team workflow.

Freelance (Remote)

Nov 2024 - Present

Mobile Application Developer

- Design and ship cross-platform mobile apps with React Native, TypeScript, and Expo for independent clients, owning features from interface to API integration.

KDV Studios (Khua daVinci Studios) (Founder, Remote)

Mar 2026 - Present

Founder & Creative Engineer

- Run a lean studio building digital products across mobile and web development, brand identity, and motion graphics for SaaS founders and small teams.

Fluxware Tech (Remote)

Aug 2024 - Mar 2026

Frontend Web & Mobile Developer

- Built progressive web apps and mobile-optimized sites with React.js and Next.js, tuning responsiveness and performance across devices.

Additional Experience

Network Administrator (Intern), NNPC Limited, Warri

Jan 2023 - Jun 2023

Data Miner, Naya Capital Management, UK (Remote)

May 2025 - Mar 2026

Video Editor & Graphic Designer, Freelance (Remote)

Jun 2020 - Dec 2024

EDUCATION

BSc, Software Engineering · Babcock University, Ilishan-Remo, Nigeria

2020 - 2025

CERTIFICATIONS

React, Next.js & Redux (Udemy) · Vue.js & Nuxt.js (Udemy) · CompTIA Security+ (in progress)
